### Development of FPAP based on sustainable tourism

**FPAP:** This document has been elaborated in Grupo GEA facilities by Technical Staff of the project (version 1) for Agreed Principles and Procedures. The first version was sharing with all members from the Management Committee established. After that (validated). Grupo GEA has the document reviewed and with the feedback from members from Cusco, Puno and Arequipa (version 2).

Tourist Sustainability’s Distinctive: in this version of FAPP it is included the levels for the application for the potential participant. The main difference related to the previous version is that it had focused on qualification for each principles, however, the qualification in the current version is the compliance for each improvement implemented (depending of the level of the organization).

---

### Eco-labelling and Pilot Cases Implementation

#### B. Selection of participants

**B.1. Development of Selection Criteria for Pilot Cases**

The present activity consisted in elaborating the Selection Criteria for choosing Pilot Cases.

**Selection Criteria**

- **November 2018**
- **On-going**

The Selection Criteria has to be aligned to Framework for Agreed Principles and Procedures. The main criteria considered are participation in the training programme and technical assistance programme, a commitment letter signature, etc.

---

**Framework for Agreed Principles and Procedures version 2**

- **October 2017**
- **On-going**

Tourist Sustainability’s Distinctive

- **Reprogrammed August 2018**
- **Reprogrammed September 2018**
- **On-going**

apply the FPAP, we have extend period of the validation by the Southern committee of the Macroregion. During the month of June and July 2018, the technical team have coordinated the session of the second to present the FPAF to the committee but because of the issues related to the currently situation of the country, it had to postpone. However, during our last meeting with the vice-president of the committee in Cusco (June 2018). We have agreed new commitment dates to start with the trainings and technical assistance (September – October 2018).
4. List of attached documents
