The Green Group

- a green experience economy and tourism cluster

The Green Group was established in April 2015 and consists of experience economy and tourism businesses located by the National Park Skjoldungernes Land.

The Green Group works strategically with how the following themes can contribute to growth and innovation:

- Sustainability
- The National Park Skjoldungernes Land
- Research-based knowledge

The Green Group is part of RUC Tourism Network and ViiRS. The project is financed by Growth Forum Zealand. For further information, please contact:
