Workshop objectives:
The objective of the workshop is to present the Guidelines for Providing Product Sustainability Information and enable companies to analyze and improve the way they communicate their products’ sustainability performance.

Workshop on ‘Communicating Product Sustainability’

Target Audience:
The Guidelines are written for the private sector, marketing and advertising professionals, labeling organizations, governments, trade unions and civil society.

Participants will:
- Learn about this UN-backed initiative aiming to drive consumer information worldwide,
- Build capacity on how to apply the 10 principles for product sustainability claims,
- Network with peers and exchanged experiences,
- Benefit from support to improve the way they communicate and to collaboratively carry on with their journey towards sustainability leadership.

in Colombo, 13th June 2018
