handle with care

The One Planet network formed to implement the 10 Year Framework of Programmes on Sustainable Consumption and Production (10YFP).

Monthly update - October 2019

## Showcase your contribution to SDG 12 and Agenda 2030

The One Planet online reporting is now available. Document your contribution to SDG 12 and share how you are helping SCP become a reality by reporting your progress and achievements. This your opportunity to define the current state of knowledge on SCP and SDG 12, and share the outcomes of your efforts. To start your reporting process, visit the [One Planet Network website](#) and log into 'My SCP' account where you will find the Reporting Section.

Not sure how to report? Join the Webinars on progress reporting for a training session taking place:

## Outcomes of the SDG Summit 2019

### SDG summit: launching the decade of action to deliver on the SDGs

Last week's SDG Summit saw member states adopt the Political Declaration "Gearing up for a decade of action and delivery for sustainable development," pledging to mobilise financing, enhance national implementation and strengthen institutions to achieve the sustainable development objectives by the target date and leave no one behind.

World leaders called for the decade of action to deliver the SDGs by 2030 and announced actions they are taking to advance the agenda. More than 100 acceleration actions, including those made by members of the One Planet network, have been announced.
